

In-Ceiling Speakers

Architectural speakers for bold, built-in sound.

SONOS

High-fidelity sound, low-key aesthetics

Sonos architectural speakers bring premium sound to every part of your home. Designed and tuned in collaboration with Sonance, these speakers offer natural, room-filling sound with discreet installation. Combine these Sonos in-ceiling, in-wall, and surface mount speakers with smart home systems for the ultimate in whole-home sound with wireless control.

Sonos Amp: Power meets performance

Power Sonos architectural speakers and maximize your system's potential with Sonos' dedicated WiFi-enabled amplifier. Amp provides custom tunings and overdrive protection, as well as Trueplay™ technology which tailors your speakers' sound to the unique acoustics of your home. Amp powers up to three pairs of Sonos passive speakers.

Sonos app: Curation and control

Pairing your In-Ceiling Speakers with Sonos Amp also gives you access to the Sonos app, which brings all your content and controls together in one place. Play music and manage your Sonos system from any room; control everything with voice commands using Sonos Voice Control and Amazon Alexa.

8" In-Ceiling Speakers

This two-way speaker features an 8" polypropylene woofer and 1.2" tweeter. A newly designed, high-excursion motor produces powerful output and defined bass, and an optimized waveguide delivers uniform, controlled dispersion.

- Frequency response (With DSP): 29Hz - 20kHz (± 3 dB)
- Nominal impedance: 8 Ω
- Power handling (Program): 225W max
- Nominal coverage angle: 100° axisymmetric
- Color: White magnetic grille can be painted to match any color
- Other: Compatible with Trueplay™ when used with Sonos Amp

Net weight (each): 9.04 lb / 4.1 kg
Mounting depth: 5.32 in / 135 mm
Diameter (with grille): 11.16 in / 283.5 mm
Cutout diameter: 10.125 in / 257 mm

6" In-Ceiling Speakers

A versatile overhead solution for small to medium-sized spaces, this two-way speaker features a 6.5" polypropylene woofer and 1" cloth tweeter for focused coverage and clear, full-range sound.

- Frequency range (With DSP): 36Hz - 20kHz (± 3 dB)
- Nominal impedance: 8 Ω
- Power handling (Program): 130W max
- Nominal coverage angle: 90° axisymmetric
- Color: White magnetic grille can be painted to match any color
- Other: Compatible with Trueplay™ when used with Sonos Amp

Net weight (each): 5.01 lb / 2.3 kg
Mounting depth: 4.73 in / 120.3 mm
Diameter (with grille): 9.27 in / 235.5 mm
Cutout diameter: 8.25 in / 209.6 mm

Works with all of your favorite services
